This child is phenomenal in every way possible! They are so helpful and are constantly wanting to do jobs for me. They are so polite and kind to both adults and their peers and they always make the right choices. This child tries so hard with their learning and is just an all round star! Whilst this child may not be the most vocal in class, they are certainly leaving a huge impression on Mrs Wilson and I. We see how fab you are! Well done on not only a fantastic half term, but a fantastic year so far in Year 2!

In Year 4, this student consistently demonstrates our school focus of **Be Caring**. They notice when classmates need help and support them without fuss. In group work, they listen well, share ideas sensibly, and help keep the team organised. Their caring approach is steady and reliable, making others feel comfortable and included. When someone struggles, they offer clear explanations or quiet encouragement. Their actions help create a calm, productive classroom and set a strong example of what it means to Be Caring.

Theo

This Year 4 girl has shown clear progress in her enthusiasm and confidence over the term, reflecting our school focus of **Be Caring**. She now contributes more readily in class and brings a positive energy that supports those around her. In group work, she listens well, shares her ideas with growing assurance, and encourages her teammates effectively. Her developing enthusiasm has helped create a more welcoming and supportive atmosphere, and she is becoming a strong example of how positivity can influence the whole class.

My first VIP is someone who is the definition of an 'always' child: always hard-working, always kind, always sensible. She is someone who I can guarantee will put a smile on my face as she has a great sense of humour. She is quietly confident in everything she does and has a maturity beyond year 6. I can rely on her for anything and everything and is a very worthy VIP.
