He is an aspirational boy who always works hard and tries his best. In Year 4 he has made fantastic progress and should feel very proud. He is always helpful to his friends and teachers, showing kindness and a lovely, caring manner. He is a wonderful role model who shows others how to aim high and believe in themselves.

Ramirez

This boy shows what it means to be aspirational. He asks lots of thoughtful questions and always wants to understand more. His excellent general knowledge helps him do well in lessons, and he happily shares ideas with others. His curiosity and positive attitude help him keep learning, growing, and aiming high every day.

This VIP is someone who has made fantastic progress in his learning so far this year. He is always striving to improve - even if he sometimes tries to hide it! He works consistently hard and we couldn't ask for a better work ethic from him. It's wonderful to see him coming out of his shell and joining in with the laughter (even if our jokes aren't always that funny!). Keep up the great work! 😊

This half term, she has really tried her best to listen and improve her work by taking on feedback. She works really hard in interventions and wants to get more confident in all subjects. It is brilliant to see her have a more positive attitude, especially to maths and I am sure she will keep this up. She has shown real progress in recent assessments. Well done!

This VIP is for someone who amazes us every day with her constant hard-work, effort, determination and resilience. She always wants to push herself, often asking for greater depth challenges in maths. Her results show for this too- she is so close to scoring 110 in everything! Not only this, but she is kind, caring and very funny!

Emma

This VIP is for someone who has shown quiet determination in all lessons, working hard to show his potential and make progress at all times. He too loved the challenge of GD work, pushing himself with his partner to complete difficult maths problems. I have been really impressed with his attitude towards learning and will be exciting to see his progress continue.
